Dear MHS Class of 2024,

Congratulations to the Class of 2024! To begin, one of the greatest joys in my life is the honor to have served as your principal for the last four years. This class is beyond special, and I will always cherish the amazing contributions you have made since the moment you walked into the high school to help make our school even better.

This class will be remembered for so many things. Amazing leadership, tremendous athletic accomplishments and celebrations, talented and creative artists, musicians, and actors that truly lit up the stage with each and every performance. This class demonstrated resiliency, advocacy, and commitment to make our school the very best it could be. This class demonstrated academic strength with your outstanding achievements in the classroom. This class is known for taking the important academic risks to help with your growth as a learner. This class created one of the strongest connections to each other and your strength became our collective strength. There are so many stories of academic and personal success within the Class of 2024. Your teachers loved working with each of you. We all loved working with each of you!

However, I think the most powerful thing I will remember from this class, that will carry with me for a lifetime, is the strength, resilience, and grit of the Class of 2024. The Covid-19 pandemic hit in the final months of middle school, a time when we are preparing for end of eighth-grade celebrations and preparing for one of the most significant transitions in your life…. your transition to high school. I remember meeting each of you at a very different StartSTRONG on the football field socially distanced. I remember the start of your high school experience in a nearly empty school with one-way hallways and classroom desks that served as cafeteria furniture. There were no activities, events and programs that make the kick-off to high school memorable, enriching and of foundational significance for starting high school. I was so nervous that your growth at the high school would be challenged due to circumstances that we were all facing. However, each of you proved me wrong. Each of you demonstrated a level of grit, determination and resilience that was evident the very first day that Cohort 3 entered the school. You were incredible. Each of you helped our school navigate through each challenge. You found the positive and made even the little things in our school attempted to do fun. This class helped us close the doors of our old high school and entered our new school with such promise and hope. This class would chart the course of the destiny of our new home and serve as the captains to the classes that would become part of the story of our new school. You did it…flawlessly! I am so proud of each of you and my sincere gratitude for helping me find the positive and joy in things that I never thought I would experience again.

You, my friends, taught us more than we could ever have taught you. You taught us to look at the small things and ensure that we cherish those moments that in a normal time…would have been dismissed without notice.

This is the class that will truly FinishSTRONG. I am deeply thankful to you for allowing me to share in your journey. I have learned from you. I have grown with you. I have been inspired by you. Our school will be better because of you. Thank you for leaving MHS better than how you found it. Thank you for never giving up on your school. Thank you for wearing the Black and Orange. I will miss you, your spirit, your energy and most importantly… the difference you have made at MHS! I will never forget you.

Always be good to each other and never stop leading and inspiring.

Sincerely,
Paul F. Branagan Jr.

Principal

Dear MHS Class of 2024,

Congratulations to you on this tremendous achievement. Your class began your high school experience with a pandemic, then adapted to a new school building, and finally transitioned into the role of student leaders with composure and patience. I have no doubt that you will find success in your future endeavors because of your adaptability and perseverance.

Your class energy has been palpable from the first day of the entire year. The Speech and Theatre Workshop gave a moving performance during Convocation that struck a chord with all of our teachers and staff. By the time I saw you at the Welcome Back Rally, I knew this class meant business. Your school spirit was visible during the homecoming decorating contest (even in the rain) and on the fields of all of our teams this year. Watching you on the stage perform in "Mean Girls" and the holiday concert were highlights of this school year.

As you celebrate your well deserved achievements, please take time to thank your families, friends, and loved ones who have supported you through this important time in your life. I think you will come to find that the expression of gratitude is as important as achievement itself. We are all so proud of you and look to you to carry your leadership into your future and greater community.

Finally, I hope as you embark on new and exciting adventures you are reminded that as far as you may travel, and as much as you may experience, you will always have a home here in the Middleborough Public Schools. It is within the context of our life experiences that we come to best appreciate the meaning of belongingness and our home as we know it.

On behalf of the Middleborough Public Schools, please accept my heartfelt best wishes to each of you for a happy, healthy, and successful future.

Sincerely,
Carolyn J. Lyons

Yearbook is Dedicated to Mrs. Kathy Dyer

Mrs. Dyer worked for Middleborough Public Schools for 21 years. She began as a Special Education Teacher at the middle school before beginning her time at the high school. During her time at MHS, Mrs. Dyer worked with students in various settings. Living in the town and sending her children through the school system, Mrs. Dyer loved her time at Middleborough Public Schools. She was a strong advocate for her students and their needs, willing to go above and beyond for them. While her time at MHS has come to a close, her impact on the students she worked with, the staff she worked beside, and the community she worked for will be felt for years to come. It is with great joy that Mrs. Dyer spends her retirement with her family and, most notably, her grandchildren.

In Memory of the Classmates Lost

Zachary C. Borges
2006 - 2022

Zachary Christopher Borges passed away unexpectedly at the age of 16 on July 11, 2022. Zach had a smile that could light up a room and a big heart. He loved listening to music no matter what he was doing. Zach had expressed interest in doing something in art and graphic art design after high school. In his free time, he loved to draw anime, sketch characters as well as write stories to go along with his comics. Zach loved his dogs and growing up he could be found riding his bike through the neighborhood and playing video games. Although Zachary is no longer with us, as a member of the graduating class of 2024 that left us too soon, we remember him by honoring his time with us.

Jesse T. Heikkila
2006 - 2014

When Jesse was three years old he was diagnosed with Stage IV Neuroblastoma. He fought tirelessly for five years and continued to show everyone his unwavering bravery and strength. Jesse loved Legos. He was honored by Lego as a Master Model builder. His collection of Star Wars, Lego City, and Ninjago were impressive to all who entered his playroom. Jesse also loved Batman. His dream was to become a police officer and help catch all the bad guys. Jesse's smile lit up any room he entered. Although his time here was short, he made a huge impression on this community and anyone who was lucky enough to know him. His memory lives on and continues to influence many of us today. Jesse was brave, but in addition to being brave he was smart and had a love for life. He never stopped fighting. Although Jesse is not here to graduate with us, the Class of 2024 will walk across the graduation stage with a little piece of him in our hearts.

Alex M. Killip
2006 - 2020

Alex Killip was an amazing kid with a big heart and was known for his intelligence and his passion for space, math and the sciences. Alex enjoyed playing a good amount of sports including basketball, lacrosse, and football. He also had an interest for fighting sports. He enjoyed riding dirt bikes and playing video games with his friends. Alex Killip will always be remembered as a good hearted kid who loved his family and friends.

The class of 24's Junior prom was held at the traditional location, the Town Hall, a historic venue that added an air of elegance to the event. The spacious ballroom is grand with breathtaking chandeliers and refined decor that set the stage for a magical evening. Students, dressed in their finest attire, showed off their impeccable dancing skills as they twirled and spun across the polished dance floor. The DJ played a mix of classic tunes that had everyone grooving and singing along, creating an electric atmosphere filled with joy and enthusiasm. Amidst the laughter and fun, there was also a bit of cup stacking that added an element of excitement to the festivities. As the night came to an end, the anticipation grew as the time for crowning the prom king and queen drew near. The crowd erupted into cheers as Kendall Santos and Eric Cutler were announced. As the deserving winners, their beaming smiles capturing the essence of a truly unforgettable evening.

Homecoming 2023

HOCO

Homecoming week was an exhilarating time filled with anticipation and school spirit. Each day brought a new theme, and people eagerly dressed to show their enthusiasm and support for our school. At the tailgate before the homecoming football game, the different classes engaged in friendly competition, each representing a different decade. Sophomores emerged victorious, their 80's-inspired decorations and outfits capturing the essence of the era, leaving them with a sense of triumph and the hope of continuing their winning streak in the years to come. Finally, the much-anticipated homecoming football game arrived, and the Sachems delivered an impressive performance. With a final score of 35-15, our team emerged triumphant against Sandwich. The crowd erupted in cheers as our players showcased their skills and teamwork, solidifying our pride in our school. The Homecoming dance itself was indeed a memorable night. Despite the unexpected fire alarm going off and the various technical malfunctions that occurred throughout the evening, the students were able to make the most of the situation and still have an absolute blast. Laughter echoed through the air as they danced, mingled, and created memories that will last a lifetime. It was a testament to their resilience and ability to find joy in the face of adversity. Homecoming week was truly a time of celebration, unity, and unforgettable memories that will be cherished by all who participated.

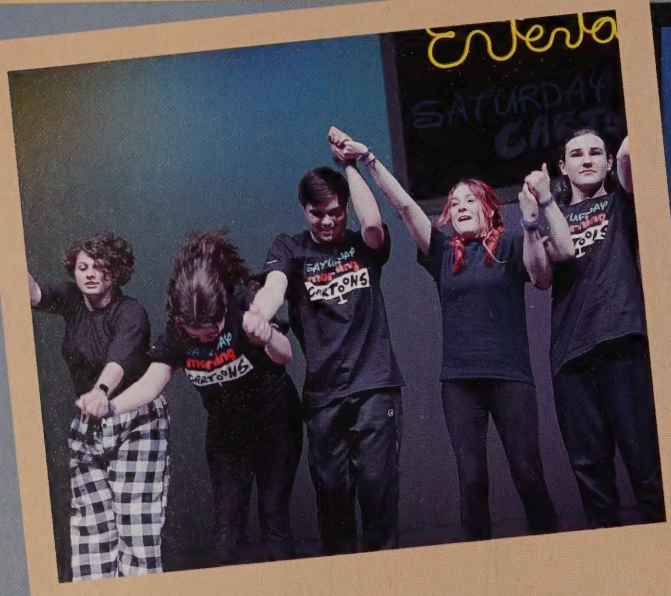
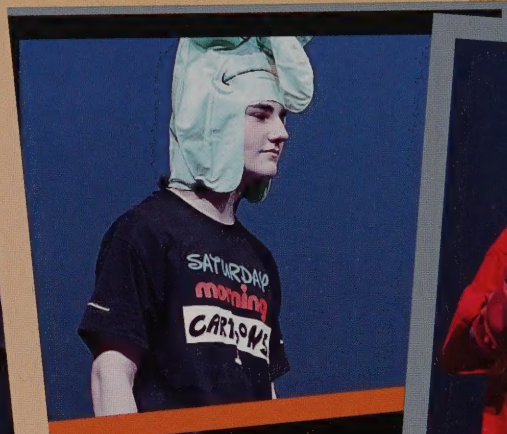
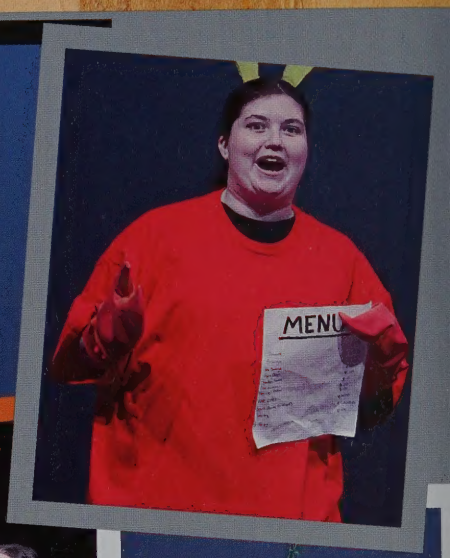
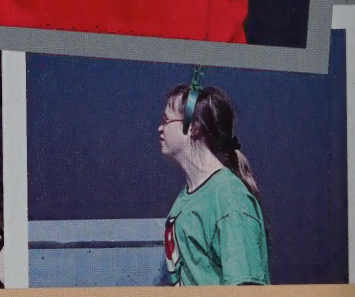
That's Entertainment #44

Saturday Morning Cartoons

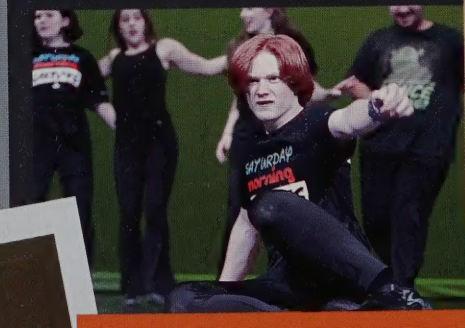


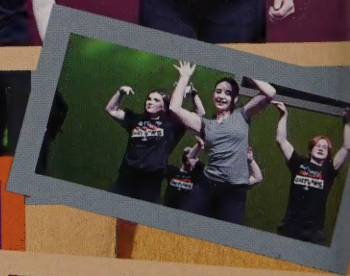






That's Entertainment is a variety show including the entire school that occurs every spring. The show includes acting, singing, dancing, twirling, comedy, etc. This school activity has been around for over 40 years, with this production being the 44th. It has become a school wide event that has been engraved into the culture of the Fine Arts, and the culture of MHS.





Unified Sports

Middleborough has two unified teams made up of students of all abilities. Basketball is played in the fall and Track in the Spring. Students practice and play together for a full season, inspiring unity, inclusivity, compassion and friendship. Unified teams create a safe environment for friendship, physical activity, competition and fun. MHS is a nationally recognized Special Olympic Unified Champion school.

Thanksgiving Game & Rally

The annual Thanksgiving football game between Middleborough and Carver took place on November 23rd at Carver High School. With Carver clinching their spot in the Division 8 State Championship Game, some of the Crusader's key players did not participate, leading to a very one-sided game. Middleborough came out on top with a whopping 56 points, compared to Carvers 0. Touchdowns were scored by Ryan DiBona, Andrew Falk, Bolu Sotonwa, Nate Goodine, and Brett Kowalker.

The event raises money for the Fuel Assistance for the fuel assistance program at Middleborough Gas and Electric

Fire Science

This outstanding internship program, hosted by the Middleborough Fire Department, provided 9 seniors with the unique opportunity to train as a firefighter for a semester. Students received classroom and hands-on instruction on fire behavior, SCBA, ladders, ropes and knots, search and rescue, vehicle extrication, and ice/water rescue. Curriculum modeled after Firefighter I/II certification taught at the Massachusetts Firefighting Academy.

POWDER PUFF '23

The annual Middleborough High School Powderpuff game proved to be an uneven match-up between the senior and junior classes. The senior class dominated the field in almost every aspect of the game, leading to the 18-6 victory for the class of 2024. Although the senior class wiped out the juniors on the field, the opposite happened during the halftime show. The junior class cheer squad out shined the senior squad's performance, by incorporating hip hop dance moves.

Cross Country

The 2023 Middleborough's Boys Cross Country team had a good season. We finished the regular season with a record of 6-2 and tied for third place at the South Shore League meet. The Team was led by Coaches TJ Smith, Heather Montross, Adam Montross and Senior Captain Dante D'Alessandro. Three Cross Country League All Stars were recognized from Middleboro: Lekan Sotonwa, Dante D'Alessandro and Alex Fregault. In the post season, Lekan Sotonwa qualified for the Cross Country All State Meet and the team placed 16th Divisional Meet. Each boy on the team had strong growth and development and now look forward to the seasons that await them in the years to come.

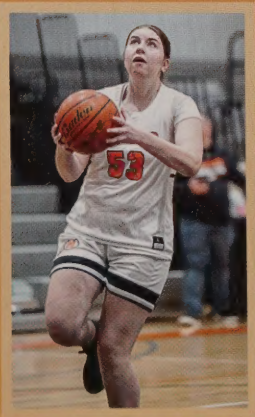
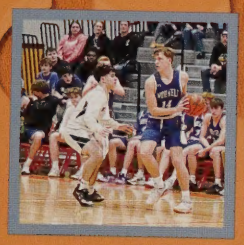
The Middleborough girls basketball team is a hard working group, who have dealt with the challenges that come with not having a junior varsity team. While this group was low on numbers, that did not stop them from staying focused and defeating tough opponents. The team has become a family, staying persistent in all they encounter. They know how to have fun while also making not only themselves, but each other better basketball players and better people. This year's team was led by senior captains Amanda Cardin and Finley Valentez, junior captains Jessica Perry and Sophia Moxley, head coach Jeff Powers assisted by coach Matt Dionne. There is no doubt that this team will continue to accomplish great things in future seasons with the backbone of heart, hustle, and family.



Girls Basketbal

Boys Basketball



The Boys Varsity Basketball team had a great season this year with a win to start the season having a final score of 4-0 beating a tough East Bridgewater team at their home court. The team had a season of ups and down but worked together and wrapped up the season with a prospective run at the playoffs.

School Advisory Council (SAC)
Caitlyn Carter & Izzy Wheeler

Each year, a few students are elected to the Student Advisory Council (SAC). These individuals represent Middleborough High School at the Student Advisory Council, where students discuss legislation that impacts all students.

Boy's State
Dante D'Alessandro

Boy's State is an American Legion Leadership Action program that was designed to teach qualified high school students about the structure and function of government. This program was held at Stonehill College is intended to help students explore democracy to become educated participants in our nations government.

School Committee Representative
Colin Doherty

The Middleborough School Committee selects a student representative from the high school each year. This position updates the school committee on upcoming high school events, and also allows students to have a voice during meetings throughout the school year.

School Council
Kendall Santos

The school council is an integral feature of the Education Reform Act and a vital resource for the management of the school. It creates a site-based management team that allows teachers and administrators to work with parents, students, and the community in the decision-making, budget, and development of the school's improvement plan.

MassStar
Gavin Fritz

Each year, a student is selected to attend the MassStar Citizenship Conference, which is a three days of intensive programing to challenge the student delegates, broaden their perspectives and bring out their inner leaders.

Student Trooper
Sadie Lowell & Madison Sandoval

Every year, Middleborough High School sends students who are interested in becoming police officers or pursuing a career in law to Massachusetts State Police Academy. These students learn about safeguarding American freedom and rights.

Girl's State
Christina Chane & Finley Velantzas

Girl's State is an American Legion Leadership Action program designed to teach qualified HS students about the structure and function of government. This program was held at Stonehill College is intended to help students explore democracy to become educated participants in our nations government.

Project 351
Lily Price & Haley Washburn

Project 351 is an independent nonprofit organization that builds a movement of youth-led service by engaging an unsung hero from each of Massachusetts 351 cities and towns. United for a year of leadership and service, Ambassadors transform communities, elevate kindness, advance social justice, and gain the courage, compassion, and capabilities to lead change.

MHS Student Council

STUCO

This year, MHS' Student Council consisted of over 200 people. We served the school in a variety o ways; ranging from dances and pe rallies, to charity dinners and fundraising walks. Most notably the Jimmy Fund walk, Special Olympics pep rally, Unified bocc plus many more. With all of thes amazing fundraisers, the STUCO also participated in conferences for student council members in o county and the state, such as SEMASC and MASC. Not only does t Student Council take part in fundraisers and conferences, we have meetings and hosted events within the student body such as homecoming, school-wide games, themed spirit and thankfulness weeks. And during the holidays, school-wide food and toy drives! This creates a strong bond betwe the students in our school and makes a fun, creative environmen where student leaders can grow.

Start Strong

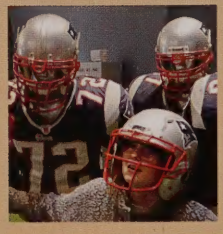
Every August a few days before the start of school many upper classmen come together to greet the incoming ninth grade. The two day event is full of team building activities and fun and games.

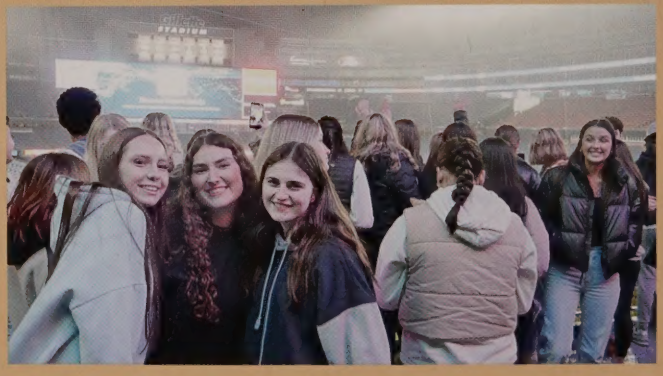
Pie Throwing

Grade 10 fundraiser, toss a pie at your favorite teacher... Or maybe not.

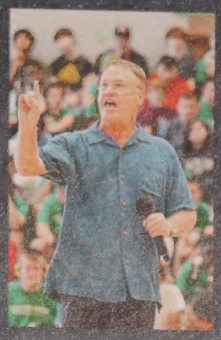
Mystery Ride

The Senior Mystery ride this year was truly a mystery, even to the student body. The senior class advisors surprised the seniors with a trip to Gillette Stadium, which had not been the planned destination originally, but turned out to be a fun night nonetheless. The students got a tour of Gillette, ate pizza, and during the last hour got to explore Patriots Place.





Step-Up Rally



The step rally featured motivational speaker Ed Gerety. But lets not forget the fire alarm going off during the assembly.

The senior sunrise event marked the beginning of an unforgettable final year for the graduating class of 2024. The entire class, filled with a mix of excitement and sleepiness, gathered together to share a special moment. As the sun slowly rose, the students indulged in the sweet and delicious treats of donuts. Seniors were mingling with the laughter and chatter of their fellow classmates. Despite the early wake-up call, the anticipation and enthusiasm for the upcoming year grew stronger with each passing minute. Even though some students might have been a little grumpy from the lack of sleep, the joy and unity felt among the class of '24 overshadowed any signs of tiredness. This shared experience created a sense of affinity among the seniors and set the tone for an amazing year ahead, filled with memories and accomplishments.

Senior Sunrise

Marching Band

"Playing in band was a blast"

This year was a notable one for the MHS band. With the band being mostly composed of seniors, there are many memories that are held within the band that the students are saying goodbye to. Football games where the band section roared with school pride during touchdowns as they played an array of marching tunes. Concerts, where during the winter concert this year they performed a prank where Jamison Studley sang a beautiful rendition of "Jingle Bells", but was instead called "Pittsley Smells". The Band also played at several other events like pep rallies, parades, festivals, and this year the band participated in the Great East music festival where they enjoyed a fun filled day at six flags. The year was filled with many exciting events that were extremely memorable for the band, most importantly for all of the seniors who will remember that being a band kid wasn't so bad after all.

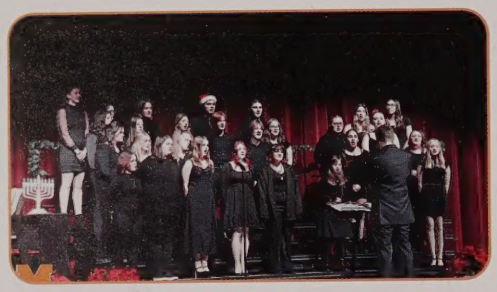
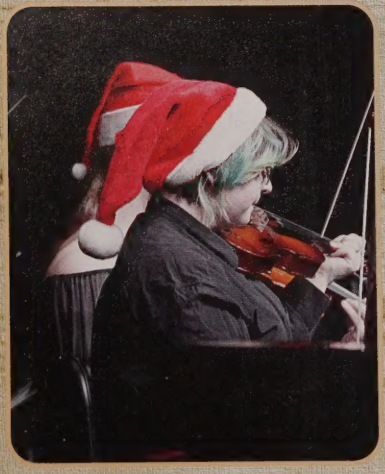
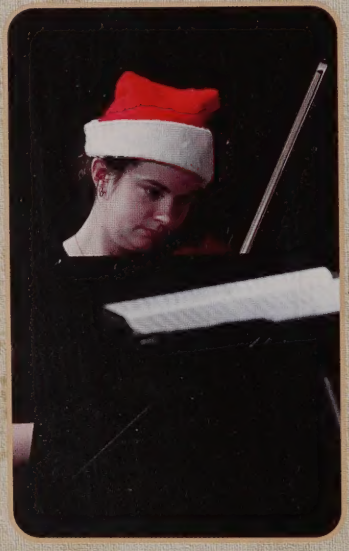
Concert Choir & Sachem Singers

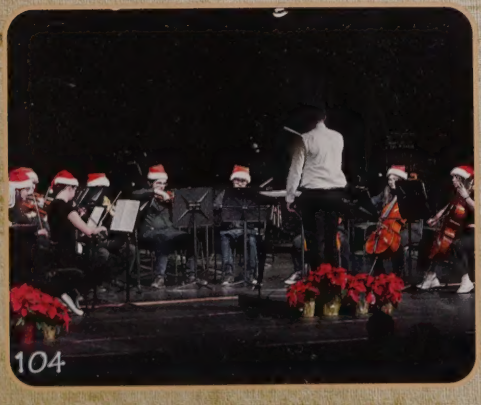


Under the direction of Mr. Ryan Struzziery, the Concert Choir and Sachem Singers work hard to refine their musical performances. Concert Choir focuses on perfecting each member's singing skills, while Sachem Singers focuses more on simply improving everyone's singing skills. Each group performs at events such as pep rallies, caroling, competitions, and concerts.

Orchestra







The MHS Orchestra performs at numerous events, such as the Holiday and Spring Concerts, throughout the school year. Students prepare and perform challenging music and also participate in a variety of music department activities, such as music festivals.

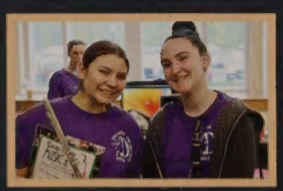
ech and Theatre Workshop (STW) gives dents accessible opportunities to learn apply real acting techniques and perform stage, as well as learn theater duction processes behind the scenes. dents are able to participate in ferent shows throughout the school year luding a fall show, the METG Festival petition, "That's Entertainment" our ual cabaret show, and a student-produced ior showcase. STW extends the idea of lleborough Pride by bringing it to the ge and providing an encouraging ronment where students can learn the ue of community and self-confidence.

Wellness Week

During Wellness Week, the School Adjustment Counselors prioritized wellness and brought awareness to the importance of physical and mental health with different activities. Activities offered included calming music and art during lunch, stress relief management, how to focus on positive thinking, a visit from local area therapy dogs, and a fitness class sponsored by the YMCA.



Fine Arts Festival

The Dani Duggan Fine Arts Festival is a celebratio of the work of our Middleborough Public Schools students from across the district. Students work hard each day learning the necessary skills, techniques and collaboration necessary to be successful in the arts, and the festival provides the community with an opportunity to see the art work and performances that are the product of that hard work. The festival was the vision of Ms. Dani Duggan who passed away in 2022 after a long battle with cancer. Ms. Duggan was the MHS Fine Arts Department Chair and Theatre teacher for many years. One of her goals for the fine arts program was to have a yearly event that would celebrate th incredible work of our K-12 fine arts students.

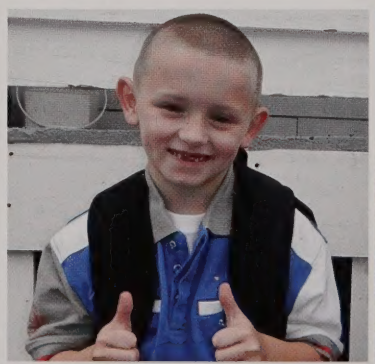
Gary Burgess

Gary,

Dream big and fight hard for it. Fight really hard and never give up. It wont be easy but it will he worth it and i promise you, you will never be alone.

Love you forever,
Mom



Kendall Santos

We would like to take this opportunity to say how proud we are of the strong young woman you have grown into as your time in high school draws to a close. Your perseverance, hard work, and devotion have paid off, and we have no doubt that you will continue to accomplish amazing things in the future.

We have seen you develop throughout the years, and we are always in admiration of your generosity, compassion, and resourcefulness. We are fortunate to be your parents since you have always served as an inspiration and a joy to us.

We know that this next chapter will present unique opportunities and challenges, but we are confident you will rise to the task. We are enthusiastic about what you will achieve and will be there to support you every step of the way.

With love and pride,

Mom and Dad

Colin Doherty

CONGRATULATIONS!

We cannot believe this day has come. It seems like yesterday that you were born and shortly thereafter tried to jump out of Dad's arms. We knew then that you'd always be on the move and ready for adventure. You've given us so many laughs and have continually challenged us with your witty and insightful comments (Thats what she said!). We're so excited to see what comes next and we'll share these adventures vicariously through you. We could not be more proud of you and who you have become. Continue to take chances, take risks and find new adventures. The world is big...get out there and explore it!

We Love You! MOM & DAD

AI

THE FUTURE IS NOW

When ChatGPT hit the scene in November 2022, it still felt like the stuff of sci-fi films. But by fall of 2023, the artificial intelligence (AI) tool could not only answer questions and assist with writing prose, music, and code, it could also interpret descriptions to create images with automated graphics, art, and other media.

As its developer, OpenAI, rapidly released new updates, people were able to upload images for the bot to analyze and respond to, such as instructions for how to assemble furniture or determine ingredients and recipes for photographed meals and food. The bot also gained a voice in October 2023, so that users could speak to it and receive responses, like Siri and Alexa.

The proliferation of AI chatbots quickly brought concerns that it could replace human intelligence, spread misinformation, and eliminate jobs. Entities such as businesses, schools, and policymakers rushed to consider the implications of a world filled with AI.

BYE-BYE DYE

California became the first state to ban four ingredients commonly found in highly-processed foods and linked to cancer, reproductive problems, and hyperactivity. Red Dye No. 3; brominated vegetable oil used in some sodas; potassium bromate, used in tortillas, pastries, and breads; and the preservative propylparaben will be banned starting in 2027.

SMOKE SIGNALS

The last two weeks of June 2023 saw more than 500 wildfires raging in Canada, resulting in smoke blanketing New York, Pennsylvania, Michigan, and Ohio. Outdoor sporting events, festivals, and concerts were canceled or delayed, and many used face masks outdoors.

STRIKE THAT

Striking unions impacted productivity from Hollywood to Detroit, as movie, television, and automobile workers ceased working. On September 25, 2023, after 146 days on strike, the Writers Guild of America struck a deal that included wage increases and restrictions on outsourcing writing to artificial intelligence. After six weeks on strike, more than 40,000 United Auto Workers members returned to the line in late October 2023 in a deal that included wage increases.

FOR THE BIRDS

In November 2023, the American Ornithological Society announced its decision to rename 150 North American birds previously named for people. The Society resolved to name birds for their appearance or natural environment in an effort to disassociate the birds from the colonial explorers who documented their existence.

WAR IN UKRAINE

After almost two years of fighting, Ukrainian President Volodymyr Zelenskyy continued to build alliances with multiple countries that supported Ukrainians fighting Russia's invasion. The United States directed more than $75 billion in assistance to Ukraine in humanitarian, financial, and military support in the war for Ukrainian independence.

DVDONE

With online streaming taking over the entertainment industry, Netflix announced in September 2023, that it would end its DVD-by-mail service that started making movie rentals easier in 1998. In October 2023, Best Buy announced that it would stop selling DVDs and Blu-ray discs by the end of the year to make more space for other items.

PRESIDENTIAL CANDIDATES

One year before the 2024 presidential election, the Democratic Party locked in its candidate with incumbent President Joe Biden. Republicans whittled the field down to two candidates after Mike Pence, Tim Scott, Chris Christie, Vivek Ramaswamy and Ron DeSantis bowed out. Remaining candidates heading into South Carolina's primary elections were former UN Ambassador Nikki Haley and former President Donald Trump. Polls following the December 2023 Republican debate showed 64% of Republicans favored Trump despite him not participating in debates.

ISRAEL DECLARES WAR

On October 7, 2023, a Jewish holy day and the Sabbath, Hamas forces in the Gaza Strip invaded and attacked Israel, leading to the death of more than 1,200 Jewish civilians, injuring 3,000, and taking more than 240 people — men, women, elderly, and children — hostage.

On October 8, 2023, Israel declared war on Hamas, and within days it began its air strikes and ground offensives in the Gaza Strip.

Humanitarian agencies worldwide pleaded for a cease-fire and aid for civilians after a month of assaults on Gaza resulted in Palestinian deaths. More than 100 hostages held in the Gaza Strip have been released.

SUPREME PIONEER

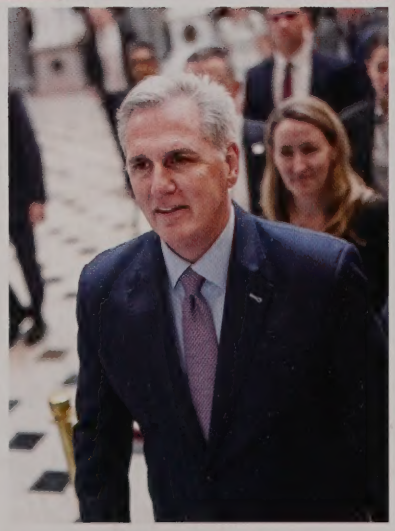
The first female Supreme Court justice, Sandra Day O'Connor, died on December 1, 2023, at the age of 93. O'Connor was appointed by President Ronald Reagan in 1981 and was the first woman on the highest court in the United States since its inception almost 200 years before. She championed moderate social conservatism and smaller government.

ADMISSION DECISION

On June 29, 2023, the U.S. Supreme Court reversed its ruling on affirmative action in college and university admissions, mandating that admissions criteria must be colorblind. The application process of two elite institutions, Harvard and the University of North Carolina, were examined for considering race as one of many factors in evaluating qualified applicants.

SPEAK OUT

After Speaker of the House Kevin McCarthy, struck a deal with Democrats to avert a government shutdown, Representative Matt Gaetz led the vote to oust McCarthy from his speakership in a historic first-of-its-kind moment. After 22 days without a speaker, Republican Representative Mike Johnson was voted in as the 56th speaker of the House on October 25, 2023.

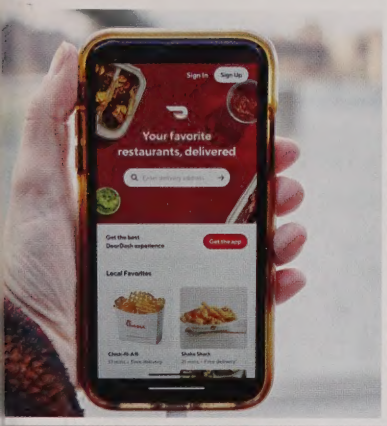


COMMON THREADS

When Meta's new social media platform, Threads, made its debut in July 2023 by posting a link on Instagram, 100 million people joined within the first five days. Its success was attributed to its promise to be friendlier than X (formerly Twitter) and easier to share across multiple platforms. But within six weeks, users dwindled to 10 million, and celebrity posts quickly faded.

DOORDASH CASH

DoorDash, the delivery app that hired independent contractors, called "dashers," announced in November 2023 not tipping for deliveries could cause longer wait times for orders. Although the company paid its drivers between $2 and $10 per delivery, dashers could choose which deliveries to take and were quicker to choose those with tips.

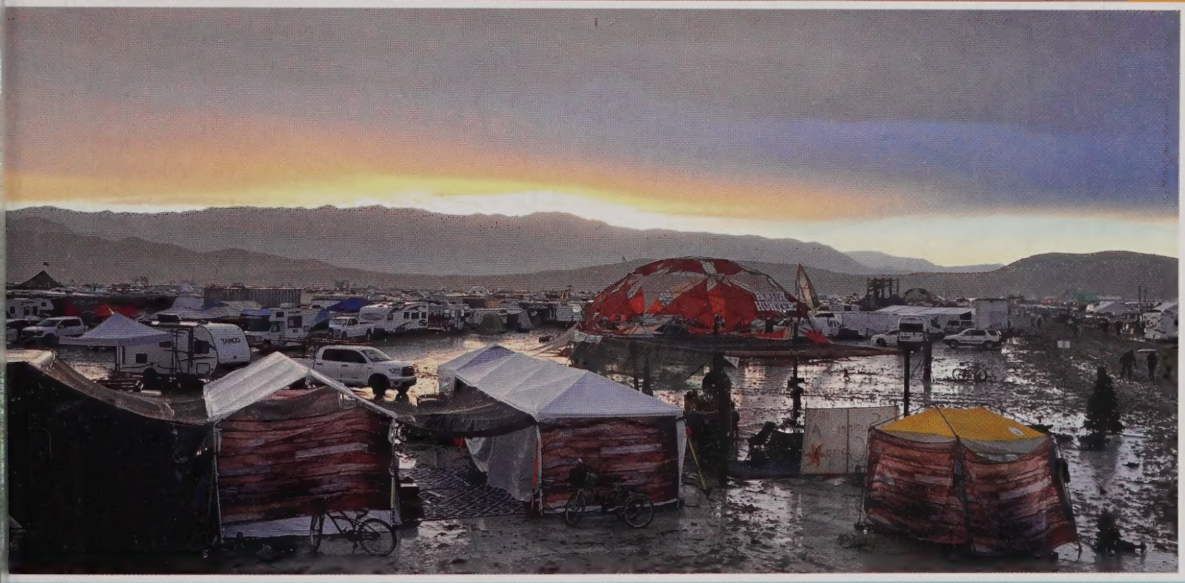


SHELTER STRUGGLE

With more than 116,000 migrants arriving in New York City since April 2022, and more than 19,000 migrants arriving in Chicago since August 2022, the two sanctuary cities struggled to provide shelter and care for people being bussed from the southern border.

LEARNING CURVE

Nearly two years after most American schools returned to in-person learning and traditional school-day schedules, home-schooling was still on the rise in the U.S. With 4.3 million children learning at home, public schools saw a 4% drop in enrollment, while home-schooled students increased by 51% over the past six years, and private schools saw a 7% increase in enrollment.



STUCK IN THE MUD

After 0.8 inches of rain in just 24 hours pelted the Burning Man Festival in the Nevada Black Rock Desert on September 2, 2023, a sloppy mess trapped nearly 80,000 activists, artists, and musicians as more than a foot of mud closed roads. Stuck partygoers conserved food and supplies without working toilets.

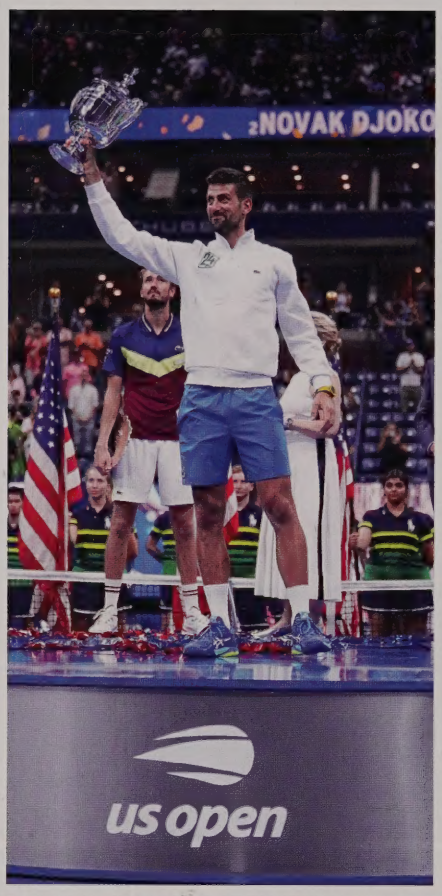
TENNIS NO. 1

Serbian Novak Djokovic beat Russian Daniil Medvedev on September 10, 2023, in the U.S. Open final, matching Margaret Court's record for the most Grand Slam titles won – 24 in total. Djokovic is the only tennis singles player to be ranked No. 1 at least once in a year for 13 different years.



THROUGH THE PORTAL

Changes to NCAA transfer rules allowed athletes to enter the portal and transfer to a new team without sitting out a season, making the move popular with college athletes. After the University of Colorado hired Deion "Coach Prime" Sanders as head football coach, the team netted 51 players and was ranked the number one transfer portal class for the 2023 season.

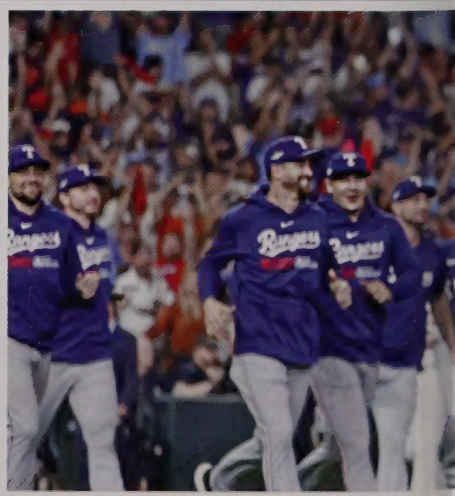
RAPINOE RETIRES

Soccer player Megan Rapinoe retired at age 38 in September 2023, just one month after the U.S. Women's National Team was eliminated from the FIFA Women's World Cup after being favored to win. Rapinoe played in four Women's World Cups, was on the 2012 Olympic gold medal–winning team, and was known for her activism that earned women pay equal to men in soccer in 2022.



HUSKER BLOCKBUSTER

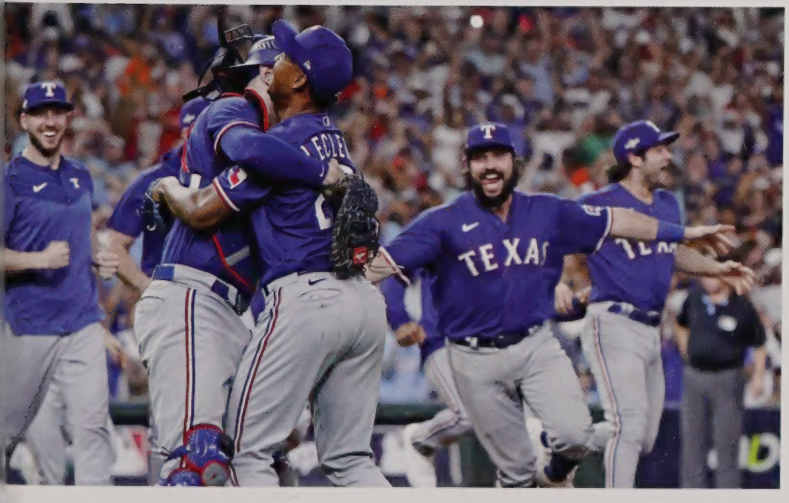
The University of Nebraska Cornhuskers set a record on August 30, 2023, for the largest crowd in the world to attend a women's sports event. 92,003 fans flooded the stands of Memorial Stadium, home to their football team, to watch women's volleyball. The program had previously sold out 306 consecutive matches, with volleyball enjoying significant popularity in Nebraska.

A NEW JERSEY

When international soccer superstar Lionel Messi announced his move to Major League Soccer (MLS) to play with Inter Miami, Adidas scrambled to produce enough soft pink number 10 jerseys to meet the orders of half a million stores and suppliers. Within six months of winning the 2022 World Cup with Argentina, Messi made the Pantone 1895c jersey the hottest Adidas soccer jersey in North America.

GO COCO

On September 9, 2023, Coco Gauff became the first American teen to win the U.S. Open since Serena Williams in 1999. Gauff beat Aryna Sabalenka of Belarus in three sets.



DON'T MESS WITH TEXAS

The 2023 Major League Baseball (MLB) World Series–winning Texas Rangers won the title for the first time in their 63-year franchise history. They had been the oldest MLB team lacking a World Series championship until November 1, 2023, when they beat the Arizona Diamondbacks 5–0 in Arizona in the fifth game of the best-of-seven series.

TEAMING UP

With the expansion of three NCAA conferences – the Big 10, Big 12, and Southeastern Conference (SEC) – mega conferences were planning their debut in fall 2024. The three power conferences would encompass 50 schools and colleges in 30 states and would span four time zones, increasing college athletes' competition and travel time.

E-BIKE SPIKE

Electric bikes, known as e-bikes, grew in popularity in 2023, with many exceeding 20 miles per hour, which is the legal limit for teens in most states. As e-bike accidents increased among youths, concerns rose about the bikes being too fast for sidewalks and too slow for street traffic, as well as dangerous for young riders who had less road and driving experience.

HEAVY MEDALS

Just three years after walking away from the Tokyo Olympics, 26-year-old Simone Biles became the all-time most decorated athlete at the 2023 World Gymnastics Championship, where she won her 37th medal – a gold in the all-around finals. She was also honored for being the first to successfully perform a Yurchenko double pike; the skill was officially renamed "Biles II" – the fifth skill named for her.

ACED IT

The Las Vegas Aces secured a historic place in Women's National Basketball League (WNBA) history on October 19, 2023, when they beat the New York Liberty 70–69 to become back-to-back champions. They were the third team in WNBA history to be repeat champions, and the first in 21 years. The win in Game 4 of the finals was hard fought, with two starters sidelined with foot injuries in Game 3. Forward A'ja Wilson scored 24 points and 16 rebounds.

NCAA LEGEND

The youngest NCAA Division I head coach, Erin Matson, sealed her legendary status as a University of North Carolina Tar Heel. The former three-time National Player of the Year took over her former field hockey team's program as a rookie coach at age 23. With Matson at the helm, the Tar Heels won the 2023 Division I NCAA Field Hockey Championship, beating the Northwestern Wildcats 2–1 in a penalty shootout.

IN WITH THE NEW

The International Olympic Committee approved four new sports that appeal to youth to be included in the 2024 Paris Summer Olympic Games. Breaking, sport climbing, skateboarding, and surfing will see new events that reward both athletic ability and creativity. Breaking, based on acrobatic movements and footwork, emerged from hip-hop culture and was popularized in the 1980s.

SEEING RED

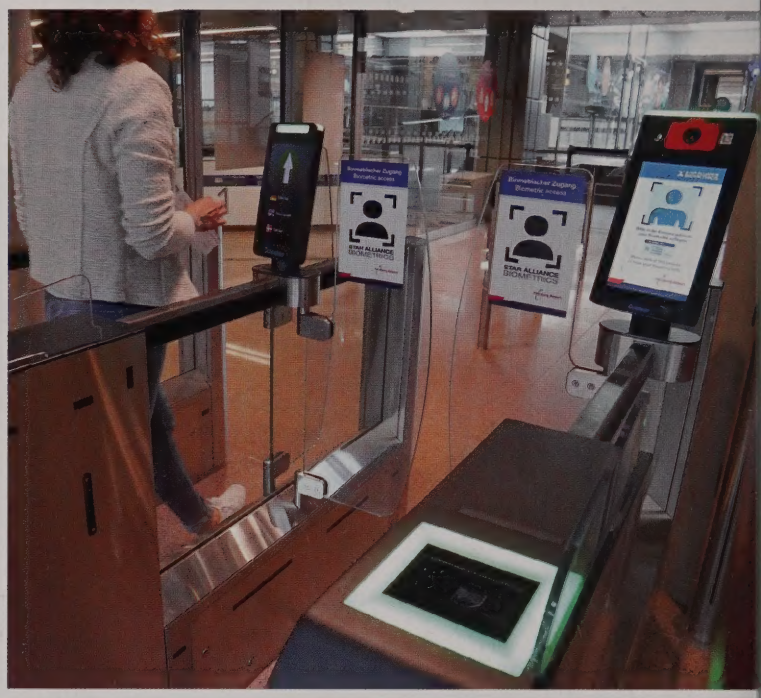
The mascots for the 2024 Olympics and Paralympics made their debut in November 2023, and people asked, "What are they?" The mascots were red hats – Phrygian hats – that symbolized revolution, freedom, and striving. In previous Olympics, the two mascots were distinctly different characters. But the Phryges symbolized that we are all alike, with the Paralympic Phryge sporting a racing blade but otherwise a carbon copy of the Olympic Phryge.

SHOOT FOR THE MOON

NASA laid out plans to send four astronauts to orbit the Moon on its Artemis II mission in November 2024. The mission goal is to build landing pads and then launch a 3-D printer to the surface, which could then print houses out of specialized lunar concrete by 2040.

FACE IT

Facial recognition software began to replace paper tickets and cell phone passes to check in to airports, cruise ships, and theme parks in 2023. Using biometric data, the software was intended to speed up processes, but fears of security and privacy risks left experts and travelers feeling cautious.



JUST GOOGLE IT

Celebrating its 25th birthday on September 27, 2023, Google shared landmark events that launched its global fame. A key moment included searchers flooding Google on February 23, 2000, by searching for Jennifer Lopez' green Versace dress, which she wore to the Grammy Awards, and which launched the desire for Google Images.

C IT NOW

In September 2023, the iPhone 15 was released with a new charging connector to comply with the European Union's mandate that all electronic devices use a universal USB-C port. While iPhone users would no longer be able to use lightning cables, the universal oval-shaped common connector was intended to cut down on environmental waste.

SPHERE OF INFLUENCE

The first-of-its-kind $2.3 billion gigantic event venue, Sphere made its debut on September 29, 2023, in Las Vegas. U2: UV Achtung Baby Live at Sphere opened for the first immersive show inside the 366-foot tall, 526-foot wide planetarium-style space that featured 269 million video pixels on a wraparound LED canvas and thousands of speakers.

IN AN OCTOPUS' GARDEN

Maneuvering a submersible, remotely operated vehicle (ROV) to explore the Pacific Ocean floor as deep as 16,000 feet, near the Hawaiian Islands, scientists discovered new species of octopuses. In September 2023, they were thrilled to capture video footage of several rare dumbo octopuses known for the two large elephant-ear style fins on their mantle. The creatures are rare because they've adapted to extreme cold and pressure by developing their trademark fins.

PICTURE THIS

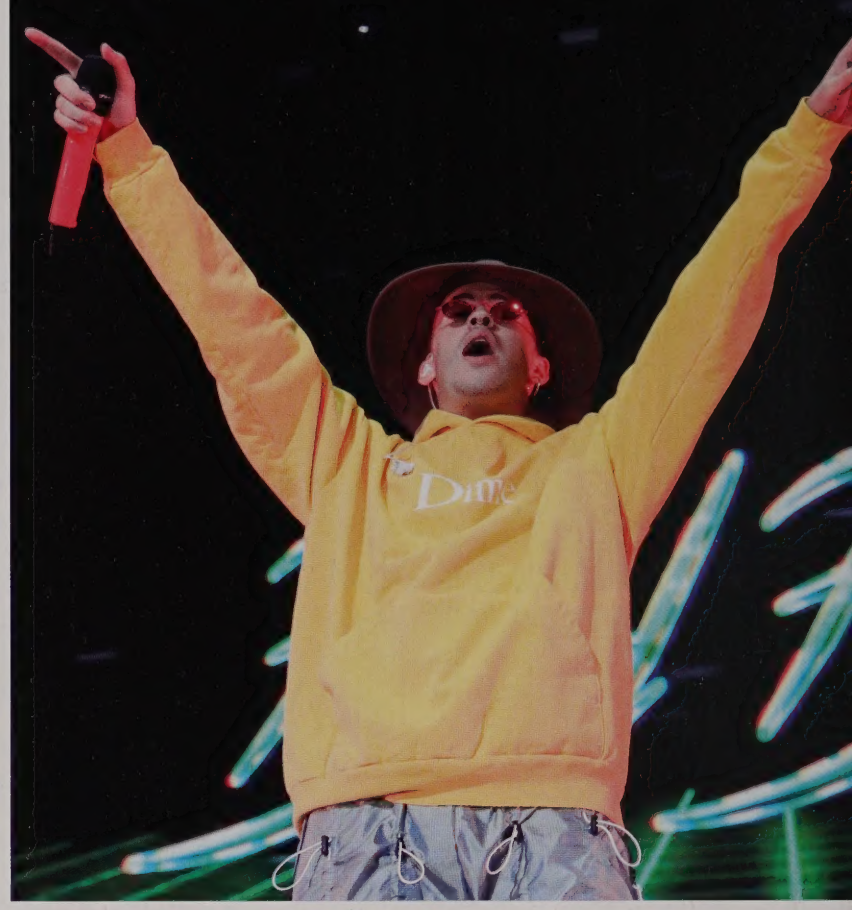
The first images from the NASA-launched TEMPO space probe instrument were released August 24, 2023. TEMPO's 10-year mission was to track and measure air pollution (ozone, aerosols, car emissions, and wildfires) hourly across North America during the day and light pollution at night.

RECORD ORBIT

NASA astronaut Frank Rubio didn't intend to set a record, but when his spacecraft sprung a coolant leak in December of 2022, a six-month mission turned into 371 days at the International Space Station, making his the longest space flight by a U.S. astronaut in history. Rubio traveled 157 million miles by orbiting the Earth 5,963 times, and his mission gave researchers new insight into the effects of being in space for extended time on the human body.

TOPPING THE CHARTS

The top music genres streamed in 2023 ranged from R&B/hip-hop (27.3%) to rock (16.5%) to pop (12.8%) to a new fourth place, Latin music (8.1%), with country (7.9%) slightly behind. As Latin music emerged as the fastest-growing genre, the Puerto Rican artist Bad Bunny earned Artist of the Year at the Latin Music Billboard Awards in October 2023. Shakira and Anitta were the next two top-rated Latin artists.

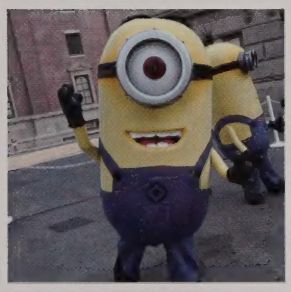


QUEEN B MOVIE

15 months after her record-smashing album dropped, Beyoncé's 2023 Renaissance tour concluded, crushing another record as the highest-grossing tour by a female musical artist ever. Fans, known as the "BeyHive," looked forward *Renaissance: A Film by Beyoncé*, a concert documentary released on December 1, 2023, hyped to see which of her 148 tour outfits would appear on the big screen.

GUY IN THE SKY

It was a sky-high stunt that was more challenging than the accomplished mountain climber expected. On November 9, 2023, Oscar-winning actor and lead singer of the band Thirty Seconds to Mars Jared Leto scaled part of the Empire State Building. At age 51, Leto was the first person in history to legally climb the skyscraper, scaling floors 86–104 in about 20 minutes in an effort to promote his band's new album.



MINION DOMINION

Universal Studios, Fla., got a new look full of yellow, goggle-wearing Minions from *Despicable Me* in August 2023. The updated former Production Central block, renamed Minion Land, featured immersive games, themed treats and settings, and characters based on the Minions' franchise.

SWIFTIE FEVER

When Taylor Swift's Eras Tour kicked off in March 2023, no one could have known how many records it would break. 146 tour dates of the concert that featured music from all of her musical "eras" spanned five continents and helped make Swift the first-ever billionaire whose income was derived from music. Tickets ranged from $49 to more than $3,800 in resale. *Taylor Swift: The Eras Tour*, a concert film released in October 2023, shattered box-office records as the highest-grossing domestic and global concert film release of all time.

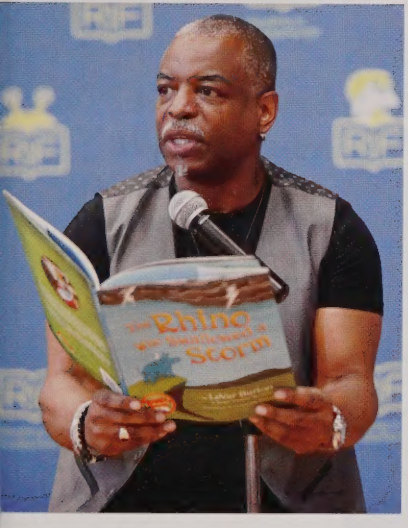
Swiftie fever swept the nation as fans fashioned costumes reminiscent of Swift's style to attend both the concert and the film. Even football fans got on board when she was spotted at Kansas City Chiefs' football games in support of her boyfriend, tight end Travis Kelce.

LOSING A FRIEND

Matthew Perry, who played sarcastic realist Chandler Bing on the iconic Gen-X television series *Friends*, drowned in his jacuzzi at age 54 on October 28, 2023. Perry's death shocked two generations of fans who fell in love with his character and followed his journey through addiction and rehabilitation, which he wrote about in his 2023 memoir, *Friends, Lovers, and the Big, Terrible Thing*.

IN A BARBIE WORLD

The blockbuster movie of 2023 was *Barbie*, starring Margo Robbie and Ryan Gosling and directed by Greta Gerwig. Grossing $1.36 billion from its July 21, 2023, opening through the end of summer, the movie drew fans dressed in pink and wearing *I am Kenough* shirts in droves.



LISTEN UP

Famous for his role in *Star Trek* and beloved by generations for introducing kids to books on his public television show, *Reading Rainbow*, LeVar Burton took on a new endeavor in 2023 with his podcast, *Sound Detectives*. The series was aimed toward young kids with a comic adventure/whodunit plot that uses science exploration themes to help kids develop listening skills.

ON WITH THE SHOW

In 2023, *The Phantom of the Opera*, the longest-running show on Broadway, had its final curtain call. The show ran for 35 years. 2023 also saw post-pandemic audiences soar, with these top five shows drawing audiences back to the theater:

1. *Hamilton*
2. *Hadestown*
3. *Moulin Rouge! The Musical*
4. *Sweeney Todd*
5. *Kimberly Akimbo*

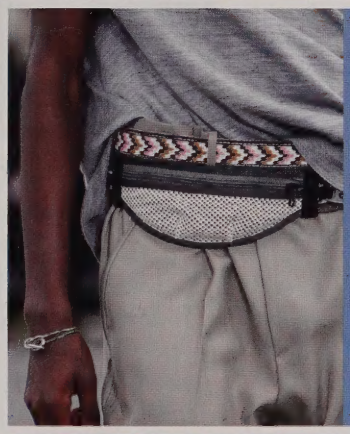
LAUGH IT UP

"Laughing out loud" (lol) was cool in the 1980s. Then came "rolling on the floor laughing" (ROFL), and then emojis took the world by storm starting in 2011. But 2023 saw the popularization of a new acronym: IJBOL (pronounced "eej-bowl"), which stands for, "I just burst out laughing." The expression elicits laughter at untimely moments.



GRAB-AND-GO BAG

Thought to be a nerdy accessory in the 1980s, the fanny pack made a comeback with men and women. Stylish colors, fabrics, and a jaunty cross-body look made these pouches a hip go-to bag in 2023.

NOW IN STYLE

After falling out of style in the 1990s, permed hair, especially for men, made a comeback. A combination of popular TikTok influencers using the hashtag "perm" and K-pop stars like BTS brought back the hairstyle, now being called "new wave."

PLAY FAIR

Epic Games, the makers of the popular online video game Fortnite, were directed in September 2023, to pay Fortnite players $520 million in refunds for deceptive practices that lured people to buy items like costumes and dance moves for gameplay. The company was also found to make it easy for kids under 13 to use their parents' credit cards without consent.

SHOE IN

2023 saw the rise of footwear fashion from three brands with traditionally unglamorous reputations. Hokas, with their chunky soles, were the fastest-growing sneaker brand. Birkenstocks, long associated with hippies and casual comfort, collaborated with haute couture fashion houses and produced sleeker styles. And Crocs stepped it up with Shrek Crocs and Crocs cowboy boots.
